
Title: an ash covered tome

Author:

Here lies the Urn of
the Unfaithful.

Those of the Order
who have betrayed the
faith of Oblivion have
met the fate of
eternal bale fire,
scorching their very
souls for eternity,
until Oblivion devours
all. Their ashes are
kept within the Urn
of the Unfaithful.

Those heretics who
challenge the ways of
the Great Inequities
and follow teachings
of the thrice damned
Virtues, are scorched
with entropic flames,
blacker than pitch
until nothing is left
but ash and soot.
Their remains are
kept within the Urn
of the Unfaithful.
